

Our Approach

ImpactLives is a non-profit organization (501c3) that combines leadership training, education, and service learning experiences with social and humanitarian works.

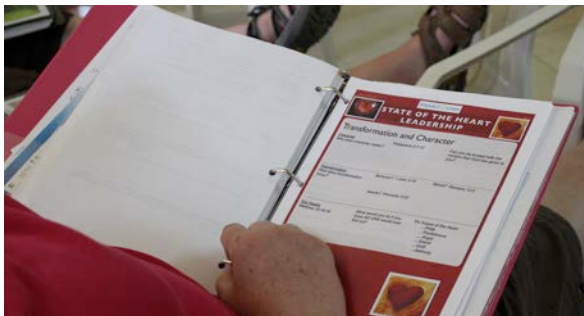

Service Learning

ImpactLives can create opportunities for groups of ALL ages to engage in service learning through a variety of service projects, including education, food packing, medical, water and shelter.

Service learning combines service objectives with learning objectives with the intent that the activities change both the recipient and the provider of the service.

Leadership Development Training and Courses

ImpactLives works with schools/universities, corporations, non-profit boards, faith-based groups and individuals, using strengths-based leadership development tools such as:

- Leadership Frame
- StrengthsFinders
- State of the Heart Leadership
- Servant & Transformational Leadership
- Cross-Cultural & Global Competencies
- Intrinsic Motivation
- Action Planning

ImpactQuest Leadership Development

One of the greatest benefits of a global/local, immersive transformational leadership experience is that it helps leaders and organizations create the conditions where people can develop their unique strengths and skills and inspire them to achieve maximum influence. ImpactLives will guide your team of 15-30 leaders (ages 15+) on a custom ImpactQuest local or global experience, in which service experiences (short-term missions activities) and real-life applications are woven through the leadership development modules in order to create a cycle of learning-application-reflection.

Let's Connect

If you would like to learn more, we have details and stories to share. Our experienced staff will guide you through everything you need to know on your leadership journey.
