

PATHWAYS OF HOPE

Pathways of HOPE is a multi-sensory poverty exhibit that transports you from Minnesota into the stories of six neighbors from around the world who daily confront the challenges of poverty.

Impact Lives
Transforming communities one life at a time

Journey through Pathways of HOPE...

USA

Issue: Hunger

Key Statistics:

- 99 percent literacy rate
- In the past two years, there has been a 97 percent increase in the use of food shelf services in Minnesota.
- 17.4 million families in the United States are now "food insecure."

Haiti

Issue: Lack of Education

Key Statistics:

- 53 percent literacy rate compared to 90 percent in the rest of Latin America.
- 54.9 percent of the population lives on less than \$1.25/day.
- 60 percent of all students drop out of school before sixth grade.

Uganda

Issue: Poor Access to Health Care

Key Statistics:

- 29 percent of the population lives on less than \$1.25/day
- Around 38 percent of children under five suffer from stunting due to malnutrition.
- Over 940,000 people are living with HIV/AIDS in Uganda.

India

Issue: Lack of Clean Water

Key Statistics:

- 41.6 percent of the population lives on less than \$1.25/day.
- 160 million people in India are the Dalit, or "untouchables," the lowest group of the caste system.
- 4,000 children die every day from a lack of clean drinking water.

Rwanda

Issue: Orphans

Key Statistics:

- 70.4 percent Literacy rate
- 76.6 percent of the population lives on less than \$1.25/day.
- There are more than one million orphans in Rwanda due to HIV/AIDS and the 1994 genocide.

Moldova

Issue: Human Trafficking

Key Statistics:

- 8.1 percent of the population lives on less than \$1.25/day.
- The average income in Moldova is less than \$100 per month.
- Trafficking victims are usually from poor families who have graduated from middle school with few prospects for the future.
